

## 2007 Cabernet Sauvignon

Dixon Ranch - Carneros

2010 San Francisco Chronicle – BEST OF CLASS

Retail \$40.00

The 2007 Cabernet Sauvignon (Dixon Ranch / Carneros) is deeply powerful, expressing all the classic Cabernet Sauvignon characteristics of younger vines: pepperiness, mintiness, plums and layered chocolate, malt flavor. The wine luckily has considerable tannin, so will cellar well for years to come.

Benefits from breathing for at least 15 minutes before serving.

The depth of flavor of this wine ensures that it will pair with the fullest and richest main courses, or with cheeses that are assertive enough to challenge natural green olives and terrines, farcis or truffle patés.

Cases Produced	88
Primary Oak	French, American
Secondary Oak	French (Limousin)
Alcohol	13.3%

*Irish Monkey Cellars* was bonded in 2006 by Loreta and Bob Lynch (winemaker). The organoleptic profile of the wines is more toward the fruity, clean and true-to-varietal than toward the heavier style prevalent today. Bob recalls many exemplary wines of both France and Italy that exhibit the same fruit-forward, concentrated flavors that use oak only as a breath of complexity, not “the whole show”. We hope you enjoy our wines, and we invite you to visit our winery at [www.irishmonkey.net](http://www.irishmonkey.net).
